

Modesto™ clear top counter

FABRIC SET UP

Includes:

- 4 long aluminum poles
- 4 short aluminum poles
- 4 feet
- 4 top caps
- 3 shelves

(Two birch color with grooves and one clear plexi)

1) Feed screw end of long poles into bottom shelf. *Make sure grooved side of shelf is facing you.*

2) Screw each foot onto poles at all four corners.

Stand counter up right on feet.

3) Place middle shelf onto top of long poles. *Make sure grooved side of shelf is facing down.*

4) Screw each short pole into the middle shelf at all four corners.

5) Place clear plexi shelf onto top of short poles.

6) Screw each cap into all four corners.

Your counter is now assembled and ready for fabric graphics to be applied.

7) Place graphic around counter and connect zipper.

8) Zip graphic up and adjust if needed.

Sintra SET UP

1) Feed screw end of long poles into bottom shelf. *Make sure grooved side of shelf is facing you.*

2) Screw each foot onto poles at all four corners.

Stand counter up right on feet.

3) Insert sintra graphics into groove of bottom shelf. *Make sure image is facing out.*

4) Gently push down on top of sintra graphics to secure them into the bottom grooves. Repeat this for all four sides.

5) Place middle shelf onto top of long poles and sintra panels. *Make sure grooved side of shelf is facing down.*

7) Screw in two of the short poles into the middle shelf at opposite corners. This will begin to line up the sintra panels in the middle shelves grooves.

8) Adjust sintra panels as needed to line up in grooves.

8) Screw the rest of the short poles into the middle shelf.

9) Place clear plexi shelf onto top of short poles.

10) Screw each cap into all four corners.
